Subject: FW: WSA Planning Information for RD&E Senior Team

Roger,
I am following up on Loreen's e-mail below. First, I need to confirm that this initiative is indeed yours/Kevin's. Assuming that it is, I then need to get enough details from you to include information in the RD&E work plan and to develop timelines for the Operations Strategic Plan tracking. Pete Greenberg has asked us to provide him information early this week. Could we please discuss this at your earliest convenience?

Thanks,
Valerie

Subject: WSA Planning Information for RD&E Senior Team

Dear Kevin and Roger:

Valerie and I just finished a meeting with Pete Greenberg who inputs the WSA Planning information into the RD&E Work Plan.

One of the RD&E strategic initiatives which also appears on the Operations Strategic Plan is entitled "We will identify and utilize a regulatory or alternative framework to guide our operations." The RD&E Staff Accountable is Solana with Walk/Osborne identified as the Program/Project Accountable.

Now to my point. Do either one of you have a specific project(s) that can be listed under this "We will" that will give the RD&E senior management some information of what this will entail.

Thanks for your help. If you have any questions, just let me know.

Thanks,
-L
